

FOR A GRAND JURY.

The Anti-Liquor Crusaders Meet and Act.

REQUEST FOR A GRAND JURY

To Be Made to Judge Hazen—If the Jointists Don't Get Out of Town They Will Be Put in Jail.

The joints, clubs and drugstores of Topeka, which are selling liquor contrary to law, will receive the attention of the temperance crusade executive committee.

This committee met last evening at the council chamber and completed its organization and arranged its plan of campaign against the liquor law violators.

S. B. Bradford, chairman of the committee, presided, and a large number of the members were present. H. C. Bowman was elected secretary of the committee.

The committee, at the suggestion of M. T. Campbell, considered the advisability of petitioning Judge Hazen for the calling of a grand jury to meet at the September term of the district court. The committee will, in the near future, circulate a petition asking that a grand jury be called.

Rev. Charles M. Sheldon said he thought there was something radically wrong with the court machinery in regard to appeals from the police court to the district court. He said he had examined the record and found that since the first of January thirty cases had been appealed and that 25 of the thirty had afterwards been dismissed on motion of the city attorney.

Mr. Sheldon said he thought there were two main reasons especially when most of the defendants in the cases dismissed had been convicted in the police court by overwhelming evidence. Mr. Tillotson, the city attorney was not there to defend himself.

A. R. Rodgers said the committee ought to make a raid on the district court and get out of town so much the better; they would have to be arrested, but if they stay, go after them with the law and put them in jail.

On the motion of Mr. Rodgers a committee of five was appointed on evidence and prosecution. This committee was named as follows: S. B. Bradford, chairman; M. T. Campbell, H. H. Fowler, Rev. C. M. Sheldon and Mrs. L. E. Thorpe.

A committee on finance was appointed as follows: E. F. Hilton, Samuel T. Howe, H. C. Bowman, A. B. Jettmore and Mrs. M. E. Perine.

Another committee was appointed to visit the police commissioners and the county officials and see what they would do about enforcing the law.

It was suggested that would be a good idea to secure a petition signed by 500 or 1,000 voters pledged to not vote for any man who would not pledge himself openly to a vigorous enforcement of all laws, and especially the prohibitory law. This scheme is being worked in Wichita and is said to be a success in effecting the influence of the clubmen and jointists.

The committee will meet again next Wednesday evening.

RAILROAD NOTES.

News Items Interesting to Railroaders and the Public.

R. B. Price of the Kansas Manufacturer's Dispatch of Hutchinson visited the Santa Fe offices today.

The Santa Fe loaded 227 cars of live stock in Kansas yesterday. This is the biggest live stock business done in several weeks. It is all bound for eastern markets.

E. J. Cartledge, his wife and son Harry, Alfred G. Frost and David Gossett returned last evening from a visit to New Mexico. They say that while that country is dry, there have been several good rains lately in the Sevilla Valley near Las Cruces, and peaches, grapes and all kinds of fruit are looking fine.

Yesterday for the first time since the beginning of the strike the Rock Island began taking live stock into Chicago. They took 188 cars of stock out of Kansas City for their eastern connections.

In correcting a wrong impression as to meaning of the word "scab," a Santa Fe engineer said yesterday: "If an engineer belonging to the American Railway union leaves his engine and I, belonging to another organization, obey an order to take his place, I am not 'scabbing' till I am ordered out by the head of my own order. This fact not being understood by a great many people, causes great injustice frequently to be done."

Santa Fe Engineer E. L. Whitcomb is laying off and visiting for a couple of weeks in St. Joseph.

Since the closing of the shops the Santa Fe dispensary is working on overtime. The office hours are now from 10:30 a. m. to 12 m. and from 3:30 to 5:00 p. m.

Dr. J. C. Eggleston of the Santa Fe dispensary is in Kansas City for a day or so. He will return tomorrow and will leave for the hospital to visit a man.

Ed. Lane, who was an employee of the Santa Fe shop until the late unpleasantness, is now working for the company at Emporia as a switchman.

The railroad Y. M. C. A. rooms on East Fourth street have recently been fitted up with electric lights.

Since the shops closed there are now no noon bible class meetings at the railroad Y. M. C. A., and there have not been any of the Sunday afternoon meetings. The latter will probably soon be started again.

Some twenty or fifteen of the men laid off at the Santa Fe round house in the machine department have been taken back to work by the company. Harry Brooks is among the number.

Two farm hands near Emporia are so much interested in the present labor trouble that they have struck and refused to work until the trouble is settled.

The work of feeding the strikers at Emporia has begun in earnest. A store has been started there for the distribution of contributions.

The Winfield railroad picnic which was to have taken place Saturday has been indefinitely postponed on account of the strike.

The A. R. U. desires people all over the state to look out for persons who are asking for money in its name. It has recently developed that a man was at Winfield claiming to be the authorized solicitor and worked the towns for considerable money.

The Daily STATE JOURNAL prints all the news.

SENT BOTH TO JAIL.

Judge Foster Sentences Two Atchison Strikers for Assaulting a Switchman.

At an adjourned session of the United States circuit court this morning at 10 o'clock, two Atchison men, J. W. Karch, a Missouri Pacific employe, and Patrick Sullivan, an employe of John Seaton's foundry, were arraigned before Judge Foster charged with contempt of court.

The contempt with which they were charged was in assaulting H. E. Ferguson, a switchman in the Santa Fe yards at Atchison who was an employe of the receivers of the Santa Fe. Karch and Sullivan not only assaulted Ferguson, but they intimidated him by calling him a "scab" and using other language which was offensive. This all happened on July 5.

When the men were taken before Judge Foster this morning they had no counsel. They told Judge Foster their side of the story and said they did not know the Santa Fe was in the hands of receivers, and did not know they were disobeying the orders of the court.

Judge Foster said their ignorance was not a sufficient excuse, and the receivers of the Santa Fe were the receivers of their duties in operating the road. He then sentenced each of them to serve thirty days in the Shawnee county jail.

ARCADE CLUB PULLED.

A So Called Literary Association that Discussed Only Poor Liquor.

The Arcade Literary and Benevolent society has come to grief. Its charter signed by Secretary of State R. S. Osborn has been confiscated by the sheriff, along with nine 8-gallon kegs of beer and the usual club fixtures and beer-pumps.

The rooms of this society for the dispensation of literature, lenovence and Pabst beer, were up stairs over Ryan's blacksmith shop on the south side of Sixth street between Jackson and Van Buren.

The fact that the officers of the club secured quarters within the block of the Topeka club and the street of churches, indicates that they had an eye for intellectual advancement, even though they had to be sandwiched in between a livery stable and a blacksmith shop.

Jack Cole, the local gambler, and Frank Shaver, the local bull-baiter, had magnanimity, are the two men who dispensed benevolence at so much per glass. The literary feature of the club was demonstrated beyond all doubt by a pile of Police Gazette and other sporting papers rich in fancy pictures in which crime or history are the principal features. Art should have been included in the title of the society, for there is hardly a prize fighter, bulldog or game bird of any reputation known to the talent but that has his picture on the walls.

When Sheriff Burdge and his posse of deputies called at Mr. Jack Cole's foundry of charity last evening, they only found one man there besides the proprietors. He had received so much benevolence at their hands that he was quite overcome and speechless—so much so he had to be carried down stairs.

Shaw and Ryan were put under \$1,000 bond each, which they are unable to give and are locked up.

All other shows positively outclassed. The great show of the world. After witnessing the sublime and overwhelming deluge of delights the public will be satisfied, because there is absolutely nothing else left in the realm of amusements that possesses any merit whatever. Mrs. Lynch appeared at the police headquarters yesterday afternoon and had the warrants issued. She was bruised about the face and said she had bruises on her body. She complained that Ella Lynch beat and humiliated her brother beat her, had broken nearly all the dishes in the house. The trouble was the result of a family quarrel. Santa Fe Pay Day May Be Postponed for a Few Days.

He said: "I had expected to have been able to pay one day this week, but there are only two more days left and the demands have been very heavy."

"It will take \$50,000 to pay here and it will only be a few days more until we can pay. I can not fix the day definitely yet, but if we don't pay this week we will the first of next week."

NAMED BY BUCHAN.

Buchan Couldn't Get the Nomination for Congress,

BUT HE PICKED O. L. MILLER.

Funston Turned Down—He Had the Opportunity to Choose Charles F. Scott But Selfishly Refused to Do So.

The Republican Second district congressional convention last night nominated Judge O. L. Miller of Wyandotte county to succeed Farmer E. H. Funston, and adjourned sine die, having held two long sessions and taken 1,059 ballots.

Farmer Funston failed to capture the coveted nomination and he missed an opportunity to give it to his friend and co-worker, Senator Charles F. Scott, and finally allowed Billy Buchan to control the convention and name the candidate.

During the afternoon session the Franklin and Johnson county delegations voted solidly for Senator Scott, who had been Farmer Funston's chief supporter. Mr. Scott received 29 votes, and the 38 votes for Funston would have nominated him, but his opponent stood solid and lost his opportunity, his selfishness defeating his best friend.

The wavering votes then went to C. B. Riley of Wyandotte county, but he was not satisfactory to Billy Buchan, and the Wyandotte county delegation made all the rest of the delegates made by voting solid for Buchan.

Before the night session Buchan fixed up a scheme whereby he could control the nomination, and when the convention assembled at 8 o'clock Judge O. L. Miller of Wyandotte county was placed in nomination, he being the man picked out by Buchan.

On the 1,058 ballot Judge Miller received 59 votes, the Wyandotte county thirty votes being cast for him, Franklin county voting for Smart, and Funston's 37 votes standing fast.

On the next ballot, the 1,059, Judge Miller was nominated without Funston's forces, the vote being:

Miller..... 80
Funston..... 37
Smart..... 87
Parker..... 7

After the defeated candidates had made speeches the convention adjourned sine die.

Judge O. L. Miller, the nominee, is a member of the law firm of Miller & Morris of Kansas City, Kan., and was chairman of the Buchanan delegation. He was a delegate to the congressional convention at Parsons and cast one of the votes nominating Farmer Funston for his first term.

KELLY AND THE POPULISTS.

He Has Promised to Support S. M. Scott If It Is Said.

A story was in circulation at the Second district congressional convention that ex-Senator H. B. Kelly, who only recently retired from the state board of charities, is to make a political change.

According to the story Mr. Kelly will in a few days write a letter for publication, in which he will give it as his opinion that these times are leading to a revolution against the old order of the nation is in a political change throughout the country, and that from this time forward he will vote the Populist ticket.

A Journal reporter was informed by a member of the Populist state central committee that Mr. Kelly said before the Populist congressional convention in this district was held, that if S. M. Scott was nominated for congress he would support him and he also said he would support the district for Mr. Scott.

Mr. Kelly when asked about the story denied that he had any idea of leaving the Republican party.

MAJ. MORRILL AND THE STRIKE.

Thinks There Should Have Been More Conciliation.

Major E. N. Morrill was in Topeka a few hours yesterday afternoon on his way to Burlington where he and James A. Troutman are making speeches today at the Osage county Republican convention.

Major Morrill said he had had no opportunity to think about anything but the strike for two weeks and that the more he thought about it the more certain his conclusions are that all this trouble might have been avoided by a little conciliation. What the outcome would be he would not predict.

POPULIST STICKERS.

Advocating Government Ownership of Railroads Being Plastered Everywhere.

The day of the little advertising sticker is supposed to be over, and those who found them blazing in all colors from the sidewalk, the walls of buildings, from their front gates and sometimes from the doors of the houses, have rejoiced at their downfall.

But they have reappeared with all their horrible associations—resurrected by the Populists, who have a way of raking up dead things from the past. Every prominent Populist is armed with a little bundle of the "stickers." There are two series so far issued and 20,000 of each kind have been distributed. They are:

"Strikes! Government ownership of railroads the only remedy."

"Government ownership of railroads means fair treatment, less hours of toll, prompt payment of wages and no strikes."
